## ¡LA CLASE DIVERTIDA! - Pre-K4-8th Grade

Señor Dale Gamache has over 30 years of experience teaching the Spanish language to students from kindergarten through 12th grade. Señor Gamache and his family established their own private language school in 1998 in the Daytona Beach, Florida area teaching public school, private school, and homeschooled children. We have developed the LA CLASE DIVERTIDA DVD curriculum while teaching these classes.

Because the language is taught for you by Señor Gamache via DVD and audio CD instruction, little or no language experience is required! Many native speakers have used our products to teach their children also! Through vocabulary and conversation exercises, games, songs, story telling, cooking, and hands-on cultural crafts and activities, it has been proven to be effective and it has been proven to be easy to implement and **FUN** for schools, co-ops and entire families. That is why we call our classes and this video curriculum LA CLASE DIVERTIDA! "The **FUN** class!"

## HIGH SCHOOL ESPAÑOL ONE, TWO, & THREE

For years countless parents have asked us "What do we do for High School Spanish after we've completed all three levels of La Clase Divertida?" Wow have we come up with an answer!! Take Spanish One, Two & Three in a cyber classroom with full visual, auditory and oral interaction with Señor Gamache for an entire school year during twice weekly classes and access to the teacher between classes. This awesome new technology offers students a classroom experience like no other and all they need is a computer with internet access, a microphone and a set of earphones. While a web-cam is not a requirement, it would greatly enhance the language learning experience. Classes will begin at the end of August.

Price: \$450. for the entire school year. Textbook will be purchased separately, and ordering information will be provided upon registration. There is limited space available.
